

# BlackBox VX Surveyor

## *A modern monitoring system*

Realtime recording of position, sensor and CCTV video data.  
Automatic and customizable transmission of position and selected sensor data in near realtime.

1. CCTV cameras
2. Operation sensors (winches, hydraulics, etc.)
3. Efficiency sensors (eg. fuel economy)
4. Position & speed via GPS
5. Communication (GSM, CDMA, WiFi)

Innovative data collection solutions
